Your Honor!

CRETING

This letter is not being written as a claim or a motion or appeal. Nor to outline any claim or misconduct toward anyone. I believe it is permissible to write the court to express feelings concerning the time between your honor's show of cause order and yet to be issued final order.

I have always held a respectful image. I know you may feel I have written far too many times (issues) Especially after telling me no additional papers are needed.

My explanation for repeat filings is simple. All misconduct which there are many must be placed on record. Had the investigative team of St Charles and the Government's Attorney's only committed one or no acts of misconduct. My filings would have been their equal. Also had my attorney performed with class and protected my rights and liberty's under the veil of the constitution I would not had written any. Please remember Mr Hogan did not file one single appeal on my behalf.

He repeatedly told me "NOT to worry, I got this" believing this to be true, I settle into a trusting posture. I was even told by him not to send you any evidence of wrong doing, I would have a opportunity to speak. I will not find myself in the position to where I should've, could've but did not. No stone will be unturned. The court should agree it has been seven (7) months ten (10) days since you ordered the government to show cause as to why I should not be released. Had the jury knew all the circumstances and details I would not have been found guilty. I looked into eight cases in the eighth circuit where evidence was either fabricated or planted and in each and everyone the case was vacated! I can only expect the same. Justice Delayed is Inevly Justice Denied!

Respectfully
 Kyle M. Parks
